Education

Birla Institute of Technology & Sciences, Pilani
M.Tech

Apr 2024

Kurukshetra University, Kurukshetra
B.Tech

Apr 2013

Experience

Tech9, Pune
Sr. Software Engineer
Sr. Software Engineer, Pune

Mar 2018

- Led multiple frontend-heavy projects using React + TypeScript, reducing UI defects by 35% through improved component architecture and code reviews.
- Designed and implemented scalable ReactJS applications with real-time API synchronization, improving performance and data handling efficiency by 40%.
- Collaborated with cross-functional teams (backend, QA, product, UX) similar to Talon.One's structure, ensuring 98% on-time delivery across releases.
- Built reusable UI systems and design patterns that decreased development time for new features by 30%.
- Integrated backend services using Go.
- Mentored junior developers, resulting in 3 promotions and increased team productivity.
- Actively improved team processes by introducing typed JS standards and automated testing workflows (Cypress), reducing regression bugs by 45%.

Publicis Sapient, Gurugram
Associate Experience Technology L2
Gurugram

Apr 2016 - Apr 2018

- Migrated large-scale e-commerce platforms to React + Redux, improving page load speeds by ~50%.
- Integrated secure payment gateways and built custom dashboards used by 10,000+ daily users.
- Collaborated with UX and product teams to modernize legacy UI experiences, increasing customer satisfaction scores by 22%.

Cognizant Technology Solutions, Mumbai
Programmer Analyst
Mumbai

Feb 2014 - Apr 2016

- Developed scalable enterprise solutions for e-commerce and internal tools used across teams.
- Built dynamic frontends using diverse web technologies, achieving 20% faster feature delivery through modular components.
- Completed intensive full-stack engineering training covering modern software development practices.

Projects

- Vplaybook : Training platform for client professionals to upskill and manage project bidding.

- Black Swan : Platform to ration supplies during natural calamities.
- Hewett Learning : Online platform for kids learning English as a secondary language.
- Lashbrook : E-commerce platform for men's wedding rings.
- Leaf Disease Detection : UI to detect plant diseases for M.Tech project.
